Director of
RADIOLOGY
Anna-Marie Stewart

"While in this position I hope to change the perspective of small town hospitals, one patient at a time. Working locally, in a rural area, is so very special. So many times we have patients we know or we know their families.

Acknowledging that the person lying on your table is someone's grandparent, parent, spouse or friend can be challenging, but also very rewarding. I look forward to serving Bibb Medical Center, the Radiology department, but most of all, you!"
